British Medical Association.

ANNUAL MEETING, PORTSMOUTH, 1923.

NOTICES OF MOTION BY DIVISIONS FOR THE ANNUAL REPRESENTATIVE MEETING.

Milk and Dairies Act, 1915, and Tuberculosis Act, 1914.

By DARLINGTON:

That the Council of the British Medical Association inform the Ministry of Agriculture and the Ministry of Health that in the opinion of the British Medical Association the Milk and Dairies Act, 1915, and the Tuberculosis Act, 1914, should be brought into operation at the earliest possible date.

Enforcement of Treatment of Congenital Syphilis.

By DARLINGTON:

That the Health Authority should be given power to enforce treatment in cases of congenital syphilis referred to it from school medical inspections.

"Summer Time" and the Health of the Nation.

By BEDFORDSHIRE:

That the British Medical Association regrets that "Summer Time" has been curtailed this year, as it is of opinion that "Summer Time" is most beneficial to the health of the nation.

Composition of Council of Association.

By KENT:

That the Annual Representative Meeting, 1923, amend paragraph (*d*) of By-law 51 as to the composition of Council, to read as follows:

"(*d*) Four (being persons who have (*a*) been members of the Association for at least the period aforesaid and (*b*) have previously held the post of Chairman of the Representative Body, Chairman of Council, or Chairman of the Organization, Medico-Political and Parliamentary, Finance or Central Ethical Committee) by the Representative Meeting, which shall (etc., as at present)."

Composition of Councils of Branches in the United Kingdom.

By KENT:

That the Annual Representative Meeting, 1923, amend By-law 18(1)(*a*) as to local management of Branches in the United Kingdom, to read as follows:

"(*a*) In the case of a Branch in the United Kingdom such one or more of the 24 members (hereinafter mentioned) of the Council as are elected (as hereinafter provided by the Branch or by any group of Branches to which the Branch belongs), and such one or more of the 12 members (hereinafter mentioned) of the Council elected by Representatives of Constituencies at the Annual Representative Meeting as is, or are, elected wholly or in part, by the Representatives of the Constituencies comprised in the Branch."

Isolation of Advanced and Incurable Cases of Tuberculosis.

By BUCKINGHAMSHIRE:

That the Council be requested to call the attention of the Ministry of Health to the urgent necessity of isolating cases of advanced and incurable tuberculosis.

Reorganization of Branches.

By BUCKINGHAMSHIRE:

That the Branches of the British Medical Association be reorganized.

Hospital Policy: Medical Staff Funds.

By BUCKINGHAMSHIRE:

That unless it can be clearly shown that the amounts collected for hospital benefits by contributory schemes or from individual patients, are in excess of the amounts required for the upkeep and maintenance of the hospital, no part of the moneys thus collected can fairly or properly be claimed by the honorary medical staff.

THE PATHOLOGICAL MUSEUM.

THE arrangements for the Museum are progressing steadily. Well lit rooms in the main building have been allotted for the purpose; the use of a lecture theatre on the same floor is available; another room will be wired for microscopy, and another for the display of *x*-ray negatives and sketches. Professor Castellani has kindly consented to give a demonstration of pathogenic fungi; another will be given by Dr. Da Fano on epidemic and herpetic encephalitis, and a third by Lieut.-Colonel Buchanan, I.M.S., illustrated by midwifery models. Specimens have also been promised by the President-Elect, Mr. C. P. Childe, by Professor Reyn of the Finsen Light Institute, Copenhagen, by Professor Eyre of Guy's Hospital Bacteriological Laboratory, by Dr. Porter Phillips of Bethlem Royal Hospital, by Mr. Sampson Handley, Mr. Scott Ridout, and others.

The Committee is anxious to secure the co-operation of the officers of the various Sections at the forthcoming Annual Meeting. They will be glad to take charge of, and place in the Museum for exhibition, any specimens, casts, photographs, diagrams, or microscopic slides during the time they are not required by those who are reading papers or taking part in the discussions.

The chairman of the Pathological Museum Committee is Dr. J. A. D. Radcliffe, and the honorary secretaries are Drs. M. Aston Key and A. V. Maybury, jun. Communications may be addressed to Dr. Aston Key, 14, Clarendon Road, Southsea, Portsmouth.

Association Notices.

ELECTION OF 24 MEMBERS OF COUNCIL BY BRANCHES IN UNITED KINGDOM.

THE following is a list of the nominations received for 1923–24:

Group.	Branches in Group.	Candidates Nominated.	No. of Seats.
A	North of England. North Lancashire and South Westmorland	Dr. JAMES DON (Newcastle-on-Tyne)	1
B	Yorkshire	Dr. A. MANKNELL (Bradford)	1
C	Lancashire and Cheshire	Dr. T. W. H. GARSTANG (Altrincham) Mr. F. STRONG HEANEY (Liverpool)	2
D	East York and North Lincoln. Midland	Major-Gen. Sir R. H. LUCE, K.C.M.G., C.B. (Derby)	1

ALFRED COX,
Medical Secretary.

BRANCH AND DIVISION MEETINGS TO BE HELD.

CAMBRIDGE AND HUNTINGDON BRANCH: CAMBRIDGE AND HUNTINGDON DIVISION.—At the meeting of the Cambridge and Huntingdon Division to be held on Tuesday, May 29th, a British Medical Association lecture will be delivered by Professor A. J. Clark, M.D., F.R.C.P., on the Experimental Basis for Endocrine Therapy.

DORSET AND WEST HANTS BRANCH.—The annual meeting will be held on Wednesday, May 16th, at the Weymouth and District Hospital, Weymouth, at 3 p.m. Agenda: Report of Branch Council; reports of Bournemouth and West Dorset Divisions; election of Honorary Secretary; report of election of new officers; the President, Dr. T. MacCarthy, will deliver his presidential address: The Future of Medical Practice; Dr. Adam Gray will read a paper: The Labyrinth from a General Practitioner's Point of View; the honorary medical staff of the Weymouth and District Hospital will show cases. A motor coach will be run from the Square, Bournemouth, leaving at 11.30 a.m. (fare about 7s.). Applicants for seats should acquaint Dr. Grey-Edwards, "Penrallt," King's Avenue, Parkstone, not later than May 13th. The British Medical Association members in Weymouth very kindly invite members to luncheon at the Burdon Hotel at 1.30 and to tea after the meeting at the Weymouth and District Hospital.

EAST YORK AND NORTH LINCOLN BRANCH: EAST YORK DIVISION.—The annual meeting of the East York Division will be held in the Board Room of the Hull Royal Infirmary on Friday, May 11th, at 8.15 p.m. Business: Election of officers, financial statement, etc.

METROPOLITAN COUNTIES BRANCH: LEWISHAM DIVISION.—The annual meeting of the Lewisham Division will be held on Tuesday, May 15th, at 8.45 p.m., at the Parish Room, St. Laurance Vicarage, Bromley Road, Catford, when Dr. T. E. White will occupy the chair. Agenda: Election of officers. Nominations for London Panel Committee. To receive the annual report of the Executive Committee. Paper: Common Diseases of the Nose and Nasal Sinuses, by Mr. J. F. O'Malley, University College Hospital.

METROPOLITAN COUNTIES BRANCH: MARYLEBONE DIVISION.—The annual general meeting of the Marylebone Division will take place at 11, Chandos Street, W.1, on Friday, May 11th, at 8 p.m. Agenda: Annual Report of Council; report of Division; election of officers and Representatives; nominations to Central Council, etc. The meeting will be immediately preceded by a cinematograph film display showing the production and manufacture of a milk food.

METROPOLITAN COUNTIES BRANCH: WILLESDEN DIVISION.—A meeting of the Willesden Division will be held at the Willesden General Hospital, Harlesden Road, on Wednesday, May 16th, at 9 p.m., to elect office-bearers and to consider the Annual Report of the Council (SUPPLEMENT, April 28th).

MIDLAND BRANCH: CHESTERFIELD DIVISION.—A meeting of the Chesterfield Division will be held on Wednesday, May 30th, when Dr. Hector Cameron will deliver a British Medical Association lecture.

MIDLAND BRANCH: DERBY DIVISION.—At the meeting of the Derby Division to be held on Friday, May 18th, Dr. M. J. Stewart will deliver a British Medical Association lecture on the Pathology of Gastric Ulcer, illustrated with lantern slides.

NORTH OF ENGLAND BRANCH: CLEVELAND DIVISION.—A meeting of the Cleveland Division, to which the neighbouring Divisions of Stockton, Darlington, and Hartlepools are invited, will be held at the Cleveland Literary and Philosophical Institute, Middlesbrough, on Thursday, May 17th, at 8 p.m., when Dr. A. F. Hurst will give a British Medical Association lecture, illustrated with lantern slides, on the Diagnosis and Treatment of Gastric and Duodenal Ulcer.

NORTH OF ENGLAND BRANCH: DARLINGTON DIVISION.—A special meeting of the Darlington Division will be held at Greenbank Hospital on Monday, May 14th, at 8.30 p.m. Agenda: To receive and adopt the report of the Executive Committee of the Division on the question of the appointment of Medical Officer of Health for the North Riding of Yorkshire; to discuss and vote upon the following resolution:

> That in the opinion of the Darlington Division no medical practitioner within the area of the Division should apply for or hold the appointment of County Medical Officer of Health for the North Riding of Yorkshire at a lower rate of remuneration than £1,200 per annum, exclusive of travelling and other official expenses.

SOUTH MIDLAND BRANCH: BEDFORDSHIRE DIVISION.—A special meeting of the Bedfordshire Division will be held at the Bedford County Hospital on Friday, May 11th, at 3 p.m. Dr. Alfred Cox, O.B.E., Medical Secretary of the British Medical Association, will give an address on "The general work of the Association." It is hoped that every member will make a special effort to attend the meeting. Dr. Cox is anxious to meet the members of the Division, and will be pleased to answer questions. Non-members are cordially invited. Tea will be provided after the meeting.

YORKSHIRE BRANCH: HARROGATE DIVISION.—The annual meeting of the Harrogate Division will be held on Thursday, May 17th, at the Imperial Café, at 8.30 p.m. Agenda: Election of officers; annual report and financial statement; adoption of Division Model Rules of Organization; consideration of the Report of Council (see SUPPLEMENT, April 28th); consideration of resolution passed by the Brighton Division on hospital policy; consideration and endorsement of the policy of the Darlington Division in asking for £1,200 as the commencing salary for the new medical officer of health for the North Riding of Yorkshire.

Meetings of Branches and Divisions.

BIRMINGHAM BRANCH: DUDLEY DIVISION.

THE annual meeting of the Dudley Division, held at the Talbot Hotel, Stourbridge, on April 14th, was preceded by a dinner. On the resignation of the chairman, Dr. Gifford, through pressure of work, and of the secretary, Dr. L. A. Taylor, through ill health, the following officers were appointed: *Chairman*, Dr. J. R. Sinton (Stourbridge); *Secretary*, Dr. L. D. Roberts (Wordsley). An ordinary meeting will be held shortly to discuss and pass the rules of organization, etc.

ESSEX BRANCH: NORTH-EAST ESSEX DIVISION.

THE annual meeting of the North-East Essex Division was held at the Red Lion Hotel, Colchester, on April 20th. The following office-bearers were appointed for the ensuing year:

Chairman: Dr. Curl (Colchester). *Hon. Secretary*: Dr. W. A. Milne (Clacton). *Representative in Representative Body*: Dr. W. A. Milne.

The meeting was followed at 1.30 p.m. by a lunch open to all medical men in the Division, at which the Deputy Medical Secretary of the Association, Dr. G. C. ANDERSON, attended and spoke on the position of the panel practitioner. Questions were asked by several of those present and the meeting concluded with a vote of thanks to Dr. Anderson, proposed by the Chairman.

GLASGOW AND WEST OF SCOTLAND BRANCH: RENFREWSHIRE AND BUTESHIRE DIVISION.

A MEETING of the Renfrewshire and Buteshire Division was held in the Tontine Hotel, Greenock, on March 8th, when twenty-five members, and also Dr. Drever, the Scottish Medical Secretary, were present. Dr. Robert Wardlaw (Greenock) was appointed representative at the Annual Representative Meeting. After the meeting the party enjoyed dinner and a pleasant social evening.

GLOUCESTERSHIRE BRANCH.

THE monthly meeting of the Gloucestershire Branch was held in the General Hospital, Cheltenham, on April 19th. The President, Dr. Goss, was in the chair, and there was an attendance of thirty-five members. The following cases, etc., were demonstrated:

Mr. BRAINE-HARTNELL described a case of pelvic peritonitis of unusual origin. The patient, a married woman, had severe pain and collapse following immediately a self-administered douche of hot alum solution. Laparotomy was performed, and the pelvis was found full of a greenish inflammatory exudate. There was no rupture of the vaginal wall and apparently the solution had reached the abdominal cavity by the Fallopian tubes. The fact that alum was the irritant made the case most unusual.

Dr. COLLINS read notes of a case of brain tumour in a young man of 25 years, and discussed the localization. The absence of vomiting was a noticeable feature, though the brain was under great pressure. He next showed a man suffering from rheumatoid arthritis following a prolonged septic infection twenty years previously, who was getting progressively worse, in spite of hospital treatment in various places. The patient appeared to be showing signs of improvement from an autogenous vaccine of *B. coli*. Dr. Collins also showed a case of infective endocarditis, in which a diplococcus had been isolated from the blood and a vaccine prepared. It was too early to say whether the improvement already shown would be maintained.

Mr. FIRMIN CUTHBERT brought specimens of infective endocarditis, including a case from a pig, in which the disease is not uncommon.

Dr. HEBBLETHWAITE, in the absence of Mr. Holmes, described a case of hypernephroma, and demonstrated the specimen.

Mr. SMURTHWAITE passed round a small circular tin whistle, aspirated into a bronchus from the body of an india-rubber doll by an infant of six months. The accident had occurred three weeks before the child was brought to hospital. Mr. Smurthwaite showed the home-made instrument he had evolved, by means of which he successfully removed the foreign body through a bronchoscope. The infant made an uninterrupted recovery. In reply to a question, Mr. Smurthwaite stated that so far as he knew the extreme youth of the patient rendered the case unique in this country.

Mr. ROBINSON showed three cases: (1) Spinal graft in Pott's disease, followed by recovery of power in the lower limbs after months of paralysis; (2) fibro-sarcoma, upper end of tibia; (3) case of pes cavus.

An exhibition of microscope slides, *x*-ray photographs, and specimens added to the interest of the evening. The cases were discussed by the members.

VACANCIES.

ABERDEEN ROYAL MENTAL HOSPITAL.—Senior Assistant Physician. Salary to commence £400 to £500 per annum.

BANGOUR VILLAGE MENTAL HOSPITAL, near Edinburgh.—Second Assistant Medical Officer. Commencing salary, £350 per annum.
